

Promoting localsolution.com on YOUR Social Media Sites

Social media is a free and easy way to promote the localsolution.com brand to many of your consumers. In return, they can share your information with their friends and family, further spreading the brand awareness of localsolution.com.

In the marketing kit we have provided a variety of materials in which content can be generated from. Our "Did You Know? Facts" are a great resource. Also, consider mentioning information on the mobile app, how businesses can advertise, upload graphics, and announcements about your print directory and sales.

Let Us Help You Promote!

Pinnacle Publishing has a social media presence on Facebook, Twitter, YouTube and our very own Local Connection Blog. These sites provide information relating to our company, the yellow pages industry, telephone companies and local businesses. You'll also find articles written by employees, Top 10 lists, events, photos, feeds on business profiles and advertiser videos as well as so much more. We want to interact with you and actively be where conversations are taking place creating awareness of our digital local search product localsolution.com. Stay connected with our social media sites; check them out at pinnaclepub.com/socialmedia!

Our social media sites can also be a platform that benefits your telephone company! Notify us of your telephone company updates such as; website updates, logo change, social media site presence, events, promotional videos, and successes. Email your news to communications@pinnaclepub.com and we will do our best to post it on our social media sites.
